A new era of design and quality excellence begins.

Explore our most sophisticated line yet.

...colors of beloved textures and surfaces, a sense of style and trend-aware elegance...

...details and accents - a whisper of luxury, inspired by refined aesthetics...

GOYA

stroller set 2in1
with carrycot

#FoldableCarrycot

Compact design, effortless folding.
Thanks to GOYA's unique folding system, the stroller can be folded together with the carrycot attached - a true innovation that saves space and time. Perfect for modern parents who value convenience and style.

#All-RoundAir-FlowSystem

Secure in seconds.
The innovative self-standing harness system keeps the straps upright, allowing parents to easily place the baby in the seat. The magnetic buckle clicks together instantly, making fastening faster, safer, and stress-free.

max 10kg

Integrated Elevation System.
GOYA offers an adjustable height system for both the carrycot and seat, with two elevation positions. This allows parents to maintain better eye contact and easier access to their baby in every situation.

Smooth ride on every terrain.
The GOYA stroller features wheels made from high-durability, premium materials and an advanced suspension system that absorbs bumps effortlessly. This ensures maximum comfort and stability for the baby while moving through city streets or rougher paths.

#SelfStandingFold

#FullSet

Accessories included:
Footcover on the seat unit and on the carrycot, adaptors for the car seat, luxury mama bag with changing pad, thermos bag and long strap, raincover, cup holder, additional shade hood.

Reclined for restful journeys.
The adjustable recline of the seat provides a fully horizontal position for your baby during every journey. When attached to the stroller, the seat offers three recline levels, ensuring perfect adaptation to your child's needs.

#360°BaseOption

Ready for 360° freedom.
Designed to work seamlessly with the 360° rotating base, the seat allows effortless daily use. The smooth rotation makes placing and removing your child easier, while enabling a seamless transition from rear-facing to forward-facing as your little one grows.

AgeLock: safety in every position.
For added safety, the AgeLock rotation switch ensures your child always travels in the correct position. It features two settings: <15M, allowing rotation only in rear-facing mode for babies up to 15 months, and >15M, unlocking full 360° rotation and enabling forward-facing travel for older toddlers.

#ExtensiveComfort

Enhanced head protection.

The headrest features EPS and memory foam, forming a three-layer protective zone that surrounds your child's head and provides all-around safety.

Harness made easy.

The self-standing technology keeps the harness straps upright, making it effortlessly easy to place your child in the seat.

Footrest that adapts.

The extendable footrest provides extra support and maximum comfort for your child through every stage of growth.
